Dear BTA Members,

The Mount Kisco Dental Group appreciates the good work and dedication of the teachers and staff of the Bedford Schools. Our teachers do so much for our communities and we'd like to give a little back. In an effort to provide them with quality, yet affordable, dental care we are happy to accept your POMCO insurance plan in our new dental practice. And as a professional courtesy to our BTA patients, we will offer a 15% courtesy on all of your out of pocket expenses. Certainly, this includes all uncovered procedures, such as Zoom teeth whitening, Invisalign clear braces and dental implants.

We are a warm and caring office, eager to meet the dental needs of the BTA membership and their families.

We look forward to meeting you,

Missy Vece

Office Manager
